food for all SHARE LENT

Lent is a time for transformation inviting us to look at our own lives and make changes that bring us closer to God - acting for the good of other, especially the impoverished, "One Human Family, Food for All" is our response to the fact that 1 out of every 8 of God's children still suffer from hunger. To die of hunger in our world of plenty is a scandal and denies the most basic human right - the right to food.

With members of Caritas Internationalis, Development and Peace is working at the local and national levels around the world, and we will truly be able to make a difference for hungry people if we consider our giving our Share Lent donation to this organization.

<u>St. Andrew's Cathedral</u> - 'Chrism Mass' Tuesday, April 15th at 7:00 p.m. Archbishop Michael Miller will be the principal celebrant at the Mass that is celebrated annually. At this liturgy, we gather, around the bishop, for the blessing and consecration of the oils that will be used in all our parishes in the coming year. The Oil of the Sick, used to strengthen and console and heal those who are infirm, will be blessed. The Oil of Catechumens, used to strengthen and free those who are preparing for baptism, will be blessed. The Sacred Chrism, used to ordain bishops and priests, to confirm, and to dedicate churches and altars, will be consecrated. And we will witness the Rite of Recommitment to Ministry by our priests. May our presence at the Chrism Mass be a sign of our support and gratitude for their ministry-and a reminder that baptism calls all of us to lives of service. All are invited to attend. A reception will follow.

Lenten Reflections

What is Lent?

Lent is a time when the Catholic Church collectively enters into preparation for the celebration of Easter. Lent originally developed as a forty-day retreat, preparing converts to be baptized at the Easter Vigil. It is now a part of our Church's liturgical calendar and a season of conversion for all. Conversion is the process of turning away from sin and turning to God.

Are Sundays a part of Lent? Can I cheat on Sunday Sundays are always a day of celebration of Christ's passion and Resurrection, so we celebrate on these days.While still part of the season of Lent, they have a mixture of both celebration, (because it is Sunday) and repentance (because it is Lent). Since Sundays are not part of the penitential season, you are not required to practice signs of penitence on these days. But, there is no reason you can't do them either. If you feel you are "cheating" then it isn't helping! Since the Church has some conflicting information (different documents state different things) I think you should do what you feel is best regarding the Lenten season and Sundays. In other words, follow your conscience.

Why forty days and not some other number?

Because 40 is a special number in the Bible, it signifies preparation for something special - as in the 40 day flood of Noah.

- Moses stayed on Mount Sinai for forty days (Ex 24:18),
- Jonah gives the people of Ninevah forty days to repent (Jon 3:4) - (there are many other Old Testament stories)
- Jesus, before starting his ministry, spent 40 days in the desert in prayer and fasting (Matt 4:2).

So, as in the Bible, we spend 40 days in preparing ourselves to rejoice at the Resurrection of our Lord at Easter.

Why do people "give up" things during Lent?

While we are not required to "give something up" we are required to do something penitential. Lent is a great time to break a bad habit and give it to the Lord. These sins and vices we should not take back after Lent. It is also a time to give something up that is good during this season. This is why people give up something they enjoy. In doing so, we can draw closer to God by our temporary sacrifice. We should find an appropriate balance of giving something up and not completely cutting ourselves off of good things. We will find our need for God if we do it correctly.

What else then IS required during Lent?

The Church asks us to increase our prayer, fasting and almsgiving. It is assumed that we are already doing these things and should merely increase them.
