Development & Peace - Caritas Canada

We are reminded that our earthly possessions, such as silver and gold, are perishable and temporary. However, we continue to place a high demand on materials, particularly those that are extracted from the earth. Canadian mining companies continue to engage in unethical practices throughout the Global South, and have become notorious for their lack of attention to environmental and human rights issues. Development and Peace continues to advocate for an independent human rights ombudsperson for Canada's extractive sector. This will help to ensure that Canadian mining companies have an obligation, not just an option, to behave ethically. Go to <http://www.devp.org/voiceforjustice> for more info.

'If you are patient when you suffer for doing what is good, this is a grace before God.' Despite the many obstacles faced by those working for peace and justice in regions affected by conflict, many continue to perform their good works all the same. In East Africa, famine and civil conflict have led to widespread death, displacement and hunger. Development and Peace is working to support its partners in the region, including the local Caritas network, to address this humanitarian crisis. To learn more about the situation, please visit www.devp.org or contact our Western Region office at 1-844-480-3387
